

« One Day Snow Experience », Winter 2016/2017

This unique product offers 2 hours' accompanied access to Alpine snow sports for beginners (ski and snowboard). It includes full equipment (from head to toe) and 2 hours' instruction in English for small groups of 5 people maximum.

Discover the joy of Alpine snow sports in the resort of Château-d'Oex in the Alpes vaudoises. It is situated just 120 km from Geneva Airport or a scenic 2 hour train ride, and even less from Lausanne or Montreux.

Once in the resort, please head straight to the Swiss Ski School (ESS) office where your pre-booked ski instructor awaits you. After being fitted at a nearby sports shop ski instruction in English takes place in the morning or in the afternoon in the beginner's practice zone named "Snow Garden" which is close by. It offers a moving walkway and good photo opportunities. You can complete your snow experience in Château-d'Oex, by booking an additional cable car excursion up to La Braye, one of the mountains above the resort which offer fantastic panoramic views of the surrounding snowy peaks.
